Jews in America and other countries, worried about their co-religionists in Palestine, may find comfort in the fact, as regards future events, that the British Empire cannot allow Arab to defy British authority. Let Jerusalem riots get beyond control, and the British Empire would be forced to use its ability to defend the British, or convinced that the British have had British all the fighting they want, and there will be trouble, serious and widespread.

BUSINESS MAGNATES WINNERS IN ANNUAL CRICKET MATCH

Triumph over City Council Team in Game Played Under Hot Sun Wednesday—Many New Methods of Handling Cricket Ball Discovered by Players

LAUREL wreaths crowned the brows of the Business Magnates at the conclusion of their annual cricket match with the City Council team on Wednesday afternoon, when they won by a substantial margin. It was a great game, full of action, snappy work and wisecracks, for the Business Men developed a good line of conversation for the benefit of their opponents.

Dug, Groat's "dark horses" all did their stuff in fine style, for even although they may not be up-to-date with the rules of cricket, when some of those old baseball players get hold of a ball, they make it fly. And those who did know something about the game restricted their knowledge and turned it to good account. Altogether it was a great afternoon's sport, even though the hot sun did find some of the weak spots in the weight-carrying players, and they found that plodding up and down the pitch making runs has its drawbacks when the old lungs are working overtime and the knees finding it a little hard to carry the "top hamper." That's a sea-faring term, but it seems to fit in pretty well with the idea of the "bread basket."

OSHAWA WILL CLASH WITH NATIVE SONS

Trip to Vancouver for Dominion Final at Stake Tonight

OSHAWA General Motors, eastern Ontario's dominant collection of the Winnipeg Argos, arrived over the weekend from the east and are ready for their semi-final game at Diamond Park tonight. The game this evening will get underway at 8:30 o'clock sharp.

With a trip to Vancouver for the Dominion final at stake, one of the hardest-fought games since previous days is expected by followers of the game. The city did not seem to be in the mood for a game, but the Argos should be victorious by all odds making the trip to the park below the hill.

The Oshawa team are, on the whole, considerably younger than the Toronto Argos, who played here two years ago, and are said to have a number of outstanding stars on their lineup. They proved their class in Winnipeg when they came from behind in a brilliant rally to defeat the Argos by a score of 10-6.

The Native Sons have not announced their lineup for the game, but they are sure to find the strongest team possible and should be capable of giving the Oshawa Argos a real battle.

Altogether, it should be a high-class game, and the fans should be prepared to produce some real lacrosse.

What becomes of old ball players after their playing days are over? McGraw used to say: "They become either cinders, batters, or policemen or three things that open doors in front of them."

Many become farmers, after buying up land with their earnings during their playing days and then go into almost every sort of business.

A most peculiar thing about retired players is that unless they are employed in baseball, they look all interested in the game. Cy Young, Larry Lakin, Harry Wagner and many other great old stars seldom go to a ball game unless they are going to see a Club about for years and years. Cobb seemed to look all interested in the game there at the last when he was about through at Philadelphia. Now he has gone off to Europe and makes the journey to see the game.

THUGS VISIT LAVOY; STEAL MONEY, GOODS

Hold Up Citizen at Point of Gun, Then Burgle Store

LAVOY. Aug. 29.—Wednesday
The village of Lavoyn was visited by burglars who combined the art of the hold-up with that of burglary. A citizen being robbed of \$20 at the door of his house, while the store at Lavoyn was closed, suffered the loss of some valued at \$200.
One burglar was effected first, the others being effected through the rear window. The store owner saw them as they fled, but he thought it could be captured. Clothing, furniture, silverware, cigarettes, and a quantity of other articles were realized about the floor and windows, during which time the store was looted. This occurred about 3:30 a.m.
Immediately after this hour, three men were seen leaving in two automobiles, one man carrying a rifle. These men were studying revolvers at him, ordered him to put up his hands and open his pockets. They searched him and asked and then carried to the

After several attempts Mr. Hewes managed to wiggle loose and pass the man in the black state. After a few minutes, it was found that the man had caught the early morning west-bound train and the conductor on the train gave a description of the men and the man who had been with them had got off at Vergennes and the other at Montreal.

Representatives of the Vermont detachment of the A. P. C. were notified of the escape and they were told that had been made but police have a good description of the men wanted.

This was not the first time that the men had been seen and been reported by the public. They were seen in the Montreal area and were seen in the Montreal area and were seen in the Montreal area.

**Lieut.-Governor
Proclaims Acts
Passed By House**

Four acts passed and assented to at the last session of the legislature have been proclaimed by His Honor Lieutenant-Governor Dr. William Fisher and will come into force on Oct. 1

The *Companies Act* are the assignment of book debts; *Art. 1* the Bills of Sale Act including chattel mortgages; *The Companies Act* and *The Companies Information Act*.

All four Acts are considered of special importance to the business and industrial life of the province and are the subjects of lengthy debate in the house.

The *Companies Act* was a complete revision of the former Act which had been on the statute books practically

The Bills of Sale Act is notable, not for the same name as prepared by the Commissioners for Uniformity of Legislation, but it contains provisions for mortgages on growing crops and

Separate School Students Capture Many Fine Awards

R. CROSSLAND IS CHAIRMAN

Strong Board Governs Separate Schools in This City

Reman. School separate schools in Edmonton are governed by a strong board of trustees, aided by their

board officials, the credit for the splendid showing made by pupils of the "separate" in part due to the value to the trustees.

Members of the board are: Robert Crossland, chairman, 42 E. 24th; T. J. Blagden, W. D. Thomas, H. J. Thomas, J. O. Macdonald, R. J. Crossland, A. A. O'Brien, B.A., the dual member, a representative and executive trustee. The judicial officer is Dr. J. H. Gray, and the school trustee, the Governor, Mr. O'Brien.

The board held its regular meeting on the second Tuesday of each month in the board room at the 102 street school.

REQUEST FULL ATTENDANCE ON OPENING DAY

Separate School Board Urges All Students to be Present

Edmonton separate schools will open for the December term on Thursday, September 2, at 9 o'clock in the morning.

A full attendance on the first day of school is desirable in order to make it possible for the principals and teachers to complete the work of organization and begin the regular instruction without delay.

Each week and month of the school year has a definite amount of the course allotted to it, and in order for a pupil to get a full and complete grasp of the work covered he should be present from the first day of school.

High school students especially are urged to be on hand on September 2. The high school, accordingly, is implied, and those who are not present on this day will find difficulty in securing the instruction they desire after the classes have become filled.

Moreover, the amount of work to be covered in the high school course makes it imperative for the teacher to get the work of the school started without delay.

Parents and guardians are therefore invited to cooperate with the school authorities by seeing to it that so far as possible the children are present in their schools punctually on the opening day.

Beginners who will be six years of age or over on September 29, 1929, will be admitted. No admission will be accepted after September 30.

Good Work Done In Many Contests And Athletic Meetings

High Standard of Scholarship Maintained Throughout the Past Year

Students of the separate schools of the city attained great success in various lines of school endeavor during the past year, according to a resume of activities made by A. A. O'Brien, superintendent and representative of the separate schools board.

Results of the June departmental examinations in the local separate schools, recently announced by the department of education, were as follows:

Grade high school, 88 per cent.

Boys' high school, 88 per cent.

Commercial high school, 88 per cent.

There were 2,335 units written by the students and of these 1,260 were successfully passed, making a percentage of 53.5 for all the separate high schools, an exceptionally good figure.

Of students in the high school from Grade VIII to high school, 90 per cent were successful in passing the examination. Mr. O'Brien states that the results for the year, as a whole, approximately the same as last year and that the teachers and pupils combined are to be congratulated in maintaining the high standard set in former years.

Other school activities.

During the year the schools took an active part in sports, with a successful field day was also carried out. Inter-school leagues in hockey, football and basketball proved of interest and benefit to both boys and girls.

Annual training meeting of teachers and principals of the high school, Grande, featured first and second prize in the

In the ceremonial contest held here the separate schools were represented by the first high school, who won exceptionally well.

Many success crowned the efforts of young exponents from these schools in cooperation with the contest sponsored by the Edmonton Industrial Association, three of six prize winners being separate school pupils. These were: Donald Murray, boys' high; Dorothy Plunkett, girls' high; and Marion George, Grande, boys' high.

Grande, featured first prize, received honorable mention in the competition.

In the separate boys' high school last year the Governor-General's medal for Grace S. Allen County, receiving the award a high school was presented to the student candidate, having won the work of that grade in the examination, last June, 1928.

In the girls as well, the pupils did good work, the two awards offered for competition being won by the separate schools, being won by Margaret (Margaret) Brown.

The teachers, pupils and caretakers in the high school took a special interest in the appearance of the laurel and laurel winners of the year, it is said, and they are looking for several more awards in various fields of endeavor.

Some slight alterations in the public school boundaries for the ensuing year are announced by G. A. McKee

While the provincial government has not had an opportunity to deal officially with the request from Illinois Premier, Minister of the Interior for co-operation in issuing a proclamation prohibiting camping in sections of the province between the How river and the International boundary, with a view to guarding against fire marauders, he has no doubt that the request will be complied with, according to a statement made on Wednesday by Premier J. E. Brownlee.

TEXTBOOKS TO BE LOANED TO SCHOOL PUPILS

Start to be Made This Year in Free Distribution Certain Studies

As a result of deliberations by the school board this year, a start is to be made when school opens for the 1929-30 year in the introduction of free textbooks to public school pupils. The books that will be supplied free to the pupils this year, according to G. A. McKee, superintendent, are: **Grade VII-VIII.** Arithmetic, Book 1. Grades IV-VI. Arithmetic Book II. Grades VII-VIII. Geography, Grades VI-VIII. English, Grades VI-VIII. Any other authorized text book which may be required will have to be purchased by the pupil. These free books are not being given outright to the pupils but are simply loaned and they will be called "Loans" at the end of the year. It is expected that each pupil will take very care of the books loaned.

LLANARTHNEY SCHOOL HAS GREAT YEAR

Acquire New Premises on 121st Street—Still Growing

With the excellent record of one hundred per cent passes among the pupils in the recent Grade VIII departmental examinations, the Llanarthney school for girls completed a very successful term in June and will mark upon September 1st the first term of the new premises. In last term of the pupils, 84 per cent were passes and in no grade did the average fall below sixty per cent.

The school is staffed with specialists in each subject providing instruction from Grade I to Grade 12, and is affiliated with the University of Alberta and recognized by the department of education. As well as offering a good general education, preparation for provincial examinations, the school has a special department of arranging special courses for the individual pupil.

The 1929-30 session is to be great developments at Llanarthney. The principal, Miss A. G. Maddock, B. A., has acquired the house adjoining the present school premises on 121st street. The school will now consist of three houses—the school house, used as senior dormitories and the junior school. Annex 1, which is devoted to junior classes, and all other special courses, and Annex 2, which will be used as dormitories for the juniors. In charge of the new annex will be Mrs. A. P. Jones, a graduate of the University of British Columbia, who has for many years on the staff of Miss Maddock's school for girls at St. Andrew, Surrey.

A very important part of the girls' education is supplied by the physical training. Miss McRobbie, a graduate of the McGill Physical Training school. All through the winter, the junior and senior schools attend gymnasium classes twice a week, while skating and hiking form part of the program. In summer, coaching is given in basketball, tennis and football and ball room dancing is also taught.

From kindergarten to Grade VIII all the girls attend classes in eight singing and voice training which are conducted by Miss K. Underwood, A.T.C. Miss Underwood and Mr. V. Springer teach piano and Mrs. A. P. Jones and Mr. Davidson teach violin. Lessons to the pupils during these hours.

Students possess have the special advantage of a home-like atmosphere at Llanarthney. The parents of the girls are receiving the best of care under the personal supervision of the principal and a well-qualified staff. The steadily growing school population has included an increased number of residents pupils each year.

A good private school offers many advantages to young girls, in addition to academic tuition and the citizens of Edmonton are fortunate in having a school of the high standing of Llanarthney which their daughters may attend.

WESTWARD HO SCHOOL AMONG BEST IN WEST

Local Boys' Preparatory School Was Established 1905—Meets Success

One of the finest schools of the preparatory type in Western Canada is the Westward Ho school, 1114 Ave. 10th, and presided over by W. H. Nightingale, B.A., headmaster, and a former master of Rugby Rugby College, Port Hope, Ont. Established here in 1905, many boys have passed through the school, the high quality of their obtaining remarkable scholastic and athletic records. Careful attention is paid to the general education of the scholars and individual instruction is given where necessary in order that all may be at the same standard of knowledge.

The school is truly preparatory in character and aims at giving the pupils a thorough grounding in the subjects that will be essential in later professional studies. The school, however, is not confined to small boys as students may go so far as their preparation and entrance to university, carefully preparation in these classes being the rule.

Much attention is paid to sports, the headmaster being in mind that athletics, when properly, are an important part in the welfare of the scholars. The English section of the school is well known for its high standard of excellence. The school is well known for its high standard of excellence.

2,649 ATTEND R.C. SCHOOLS

Attendance Growing Year by Year—Increase of 200 Sho

The annual returns to the department of education showed that during the year ended June 30 last 2,649 pupils were enrolled in the Roman Catholic elementary schools under the control of the diocese of Saint Albert, Edmonton. The corresponding figure for 1928 was 2,449, and for 1927 2,449. From 1924 to 1928 the enrollment increased by 66 teachers, 12 of whom were employed in the high schools and 44 in the elementary schools. The enrollment in the high schools was 1,141. While there were 614 pupils in Grade 1, 168 were enrolled in Grade VII. First year high school classes had an enrollment of 141, while third year (senior) classes showed 82, and fourth year 40.

It will be seen, therefore, that of the number who enrolled in Grade 1 31 per cent reached Grade VII, 35 per cent entered high school, 20 per cent completed third year, and 10 per cent completed fourth year.
